DETAILED ACTION

Election/Restrictions

Applicant's election of claims 1-32 in the reply filed on 10-7-2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

EXAMINER'S AMENDMENT

The application has been amended as follows: Claims 33-97 are **CALNCELED** as drawn to inventions elected by the applicants without traverse.

The following is an examiner's statement of reasons for allowance: The present invention is drawn to a thioester polymer derivative, comprising a water soluble and non-peptidic polymer backbone having at least one terminus bonded to the specifically claimed thioether structure. None of the prior art of record teach or suggest non-peptidic polymers having terminal thiether structures corresponding to the claimed terminal structures.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
